STAT

Since your desire for employment with this Agency was brought to my personal attention, I have personally investigated our complete situation with respect to possible openings for which you might be qualified, and find that we have nothing at this time, especially at the grade and salary level which you have indicated as a definite minimum.

I have instructed my appropriate officials to keep the details of your application alive and to inform me immediately should a vacancy occur. In such case, I will see that you are notified right away. I cannot, however, make any estimate now as to when there may be an appropriate opening.

I do appreciate your interest in coming here and regret that the current situation is unfavorable.

Sincerely,

*R/- Dep 1/30/48*
